Direction Of Use

Apply mask to clean, dry skin avoiding eye area.

Leave on for 20 minutes and then rinse with warm water.

Use 2-3 times per week for best results.

Can be used with Lightenex® skin cream range

How its work

Lightenex® Face Mask contains the high concentrations of 7 skin whitening agents, which work together to give you the best skin lightening results!

The unique patent pending formula incorporates proven plant extracts, herbs, Antioxidants, stabilized Vitamin C, in Liposomes.

The ingredients work together to inhibit the activity of tyrosinase, the key enzyme in the synthesis of melanin & fight against free radicals.

Conclusion

Lightenex[®] Face Mask Works
